《Individual Investor Product Suitability Statement》

Customer and product risk suitability (Risk mismatch is prohibited)

| Customer Risk Profile | Suitable Product Risk (Bank Issue or 3 rd party products) |
|---|--|
| C1 Defensive – Your priority is <u>protecting</u> your capital and you are willing to accept <u>minimal risks</u> . In return, you understand that you may receive minimal or low returns. | Unless otherwise provided in Product Documents or Risk Disclosure Statement, suitable for products with risk level of P1 or below offered by the Bank. |
| C2 Conservative – Your priority is to maintain your investment capital while seeking some investment returns. You would prefer to achieve <u>limited</u> returns higher than short-term deposit rates by investing in <u>low</u> risk-rated products which have simple structure and are not exposed to high volatility or low liquidity. | Unless otherwise provided in Product Documents or Risk Disclosure Statement, suitable for products with risk level of P2 or below offered by the Bank. |
| C3 Moderate – Your goal is to obtain moderate investment returns, either through income or capital appreciation, and you are willing to take on moderate investment risk. You are willing to invest in <u>moderately</u> risk rated products with low liquidity, relatively high volatility and the possibility of losing part of the principal investment. | Unless otherwise provided in Product Documents or Risk Disclosure Statement, suitable for products with risk level of P3 or below offered by the Bank. |
| C4 Balanced – Your goal is to obtain higher investment returns, either through income or capital appreciation, and you are willing to take on higher investment risk. You are willing to bear products with <u>more volatile</u> returns, <u>lower liquidity</u> , and the possibility of losing part or even most of the principal investment. | Unless otherwise provided in Product Documents or Risk Disclosure Statement, suitable for products with risk level of P4 or below offered by the Bank. |
| C5 Aggressive – Your focus is on maximizing investment returns opportunistically in an <u>unconstrained manner</u> , and you are willing to take on <u>extremely high levels of investment risk</u> to do so. You are comfortable with investing in high risk products with complex investment structure, high volatility, low liquidity and the possibility of losing most or even all of your capital. | Unless otherwise provided in Product Documents or Risk Disclosure Statement, suitable for products with risk level of P5 or below offered by the Bank. |

Note: The products with risk level of P4 and P5 are defined by the Bank as high-risk products. Customer shall note: such risk profile rankings and suitable product are for reference only. Customer shall independently assess the suitability of the Product against his/her risk tolerance level, financial situation and investment objectives, and also seek advice from independent professional advisors by himself/herself where he/she deems necessary. The Bank will regularly review the risk rating and risk rating methodology for Bank's products (be it bank-owned or product which the Bank acts as a distributor), and the risk ratings of such products will be adjusted accordingly.

Investment and Insurance Individual' investors:

These products are made available for retail banking customers. Customers' whose risk level matches the product risk level, will only be able to subscribe to that risk related product, and or below. Customer's risk level is not the only criteria in assessing customer suitability for the product. Bank will also take into account multiple factors in considering customer's suitability (including but not limited to customer's age, financial situation, investment experience, investment objective, investment returns expectation, risk preferences, liquidity requirements, risk awareness and risk loss tolerance, etc.)
